Importance: High

Kevin, Neil and Kelly,

NMFS has sent us their draft RPAs/RPMs for chlorpyrifos, diazinon and malathion for our review and comment by the end of next week. **Please send me your comments by COB Wednesday, May 24th.** I will collate them and send them back to NMFS on Thursday (I'm out on Friday).

Note that the document is set up like **a pick list of options** that can be considered for each species.
